**U.S. General Services Administration
New England Region
Small Business Utilization Center (SBUC)**

2006 Procurement Directory

**New England Region:
(Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont)**

Download this publication online at: <http://www.gsa.gov/smallbusiness> Click on "New England Region Procurement Directory" under the Small Business Publications tab. Please visit our website at <http://www.gsa.gov/r1sbuc>.

Dear Prospective Vendor/Contractor:

The U.S. General Services Administration (GSA) is one of the federal government's biggest buyers, contracting for billions of dollars annually on products and services. This directory has been prepared to assist you in locating these opportunities.

Additionally, we have listed other resources that will help you locate bidding opportunities. The Federal Business Opportunities (FedBizOpps) (<http://www.fedbizopps.gov>) has been designated as the single port of entry for vendors to search for federal government procurement opportunities that exceed \$25,000.00. FedBizOpps provides access to agency business opportunities twenty-four (24) hours per day, every day. Register on the Vendor Notification Service to receive notice of opportunities for your product or service.

The GSA Awards a substantial amount of contracts to small businesses. The New England Region Small Business Utilization Center is ready to assist in effective and strategic methods to advance the participation of small business in contracting.

The telephone numbers listed are the agencies main numbers. You need to ask for the procurement/contracting official(s) responsible for procuring or contracting for what you are offering.

Please let us know if you find this directory helpful by sending us an email at nesbucr1@gsa.gov.

Deborah R. Tarleton

Deborah R. Tarleton, Acting Director
GSA Small Business Utilization Center
New England Region

ACKNOWLEDGEMENTS

The U.S. General Services Administration (GSA) New England Region Small Business Utilization Center (SBUC) extends its gratitude to Ms. Grace T. Saenz, former Director, SBUC for her guidance and assistance in compiling this Procurement Directory to assist potential vendors. We would also like to acknowledge Ms. Erma Drigo, SBUC Intern for her work on this Directory.

Deborah R. Tarleton, Acting Director
deborah.tarleton@gsa.gov

SBUC Mission:

- Provide advice, assistance and counseling to business people and the general public concerning current and anticipated GSA procurement programs and procedures. Also provide general information and assistance in regards to federal government buying and selling programs.
- Participates in outreach and networking efforts with Procurement Technical Assistant Centers (PTACs) and the U.S. Small Business Administration (SBA) in the six New England states, as well as federal procurement conferences, congressional programs, industrial procurement conferences and other activities.
- The SBUC Director reviews both GSA Acquisition Plans and Subcontracting Plans submitted by prime contractors to ensure maximum practicable opportunity for the procurement preference categories : [small business](#), [small disadvantaged](#), [section 8\(a\)](#), [woman-owned](#), [HUB Zone](#), [veteran-owned](#), and [service-disabled veteran owned small businesses](#).

Additional Duties:

- The SBUC is the repository for all sealed bids; the Business Specialist is the Bid Custodian. The Bid Custodian is responsible for receiving, recording and safeguarding all bids; maintains Bid Opening Calendar, coordinates Bid Openings with contracting personnel.

Please Note: The New England Region GSA Small Business Utilization Center is not a Purchasing or Contracting office. This directory will guide you to potential purchasing or contracting offices in the New England Region (CT, ME, MA, NH, RI, VT) that may or may not buy your products/services.

All vendors new to Federal Contracting should start by registering with the following websites:

Dun and Bradstreet (D&B) - You will need a DUNS Number from Dun & Bradstreet. In order to register for your DUNS Number, please call (866) 705-5711, or visit their website at: <https://eupdate.dnb.com/requestoptions/government/ccrreg>.

Central Contractor Registry (CCR) – Once you have your DUNS Number, then you will need to register your company with CCR. In order to register your company with CCR, please go to their website at: <https://www.bpn.gov/ccr/scripts/indexnew.asp>. If you need assistance, you can contact the CCR help desk at (888) 227-2423.

Online Representations and Certifications Application (ORCA) – <http://orca.bpn.gov>. ORCA is an e-Government initiative that has been developed to replace most of the paper based Representations and Certifications (Reps and Certs) process, known as Section K, by creating an Internet application that allows user access the information 24 hours a day, seven days a week. There are two items that are needed prior to registration; (1) an active record in CCR, (2) a Marketing Partner Identification Number (MPIN) is a 9-digit code containing at least one alpha character and one number (no special characters or spaces). Once you have your DUNS and MPIN numbers you will be able to register with ORCA.

How to locate Bid Opportunities

FEDERAL BUSINESS OPPORTUNITIES (FEDBIZOPPS) - (<http://www.fbo.gov>). In October 2001, FedBizOpps was designated as the single source for all federal government procurement opportunities that exceed **\$25,000**. **All federal agencies are required to advertise at this site.** The GSA Bidder's Mailing List has been replaced by FedBizOpps. In order to register to receive procurement announcements from FedBizOpps, you can visit the website, "click" on the link for **Vendor Notification Service** and follow the instructions. You can contact the FedBizOpps Help Desk at 877-472-3779 and they will assist you in registering.

GSA FORECAST OF CONTRACTING OPPORTUNITIES is an annual on-line document that lists GSA's anticipated contracting opportunities for the current or upcoming fiscal year, giving prospective contractors enough lead time to develop marketing strategies, compile necessary information and prepare proposals. To access the document, go to <http://www.gsa.gov/smallbusiness>, and look for link entitled **GSA Forecast of Contracting Opportunities**.

GSA SUBCONTRACTING DIRECTORY is a listing of large companies who have contracts with GSA for goods or services worth \$500,000 or more (\$1 million or more for construction). **Public Law 95-507** requires these contractors to have subcontracting plans that suggest the dollar value and the percentage of goods and services that may be supplied through subcontracts with small, small disadvantaged, women owned, HUB Zone, 8(a), veteran-owned and service-disabled veteran-owned small businesses. The Subcontracting Directory is an online publication located at <http://www.gsa.gov/smallbusiness>, look for link entitled **Subcontracting Directory**.

In January 2004, the SBA's PRO- NET and Department of Defense's (DODs) Central Contractor Registration (CCR) databases were merged to create one portal for entering and searching for small business sources. CCR (<http://www.ccr.gov>) is the required vendor database that **current and potential government vendors must be registered in, before they can be awarded contracts**. Vendors must update or renew their registration annually to maintain an active status. The CCR Assistance Center can be reached at 888-227-2423 or 269-961-4725, available 24 hours, 7 days a week. Please Note: **Registration in CCR does not guarantee business with the government.**

SUB-NET <http://web.sba.gov/subnet> is an SBA website where prime contactors post subcontracting opportunities. Small businesses can review this web site to identify opportunities in their areas of expertise.

TECHNICAL ASSISTANCE

U.S. SMALL BUSINESS ADMINISTRATION (SBA) - <http://www.sba.gov>. The SBA's mission is to maintain and strengthen the nation's economy by aiding, counseling, assisting and protecting the interests of small business concerns; in addition to helping families and businesses recover from national disasters.

FEDERAL PROCUREMENT DATA SYSTEM Next Generation (FPDS-NG) - The FPDS report is published annually by the Federal Procurement Data Center. It contains information on contracting activities of all federal agencies. The report identifies the type of products and services bought by the agencies along with prime contractors who receive the majority of the Federal contracts in each state. You may request special reports, however, a fee maybe charged for special reports. For more information about the program, please visit their website at <https://www.fpds.gov>. They can be reached at (703) 872-8621 or (703) 872-8534.

Small Business Procurement Preference Programs

Certification as a Small Business is necessary for participation in the GSA Small Business Program. GSA, like all federal agencies, has procurement preference goals for contracting with small businesses. The procurement preference categories are: [small business](#), [small disadvantaged](#), [section 8\(a\)](#), [woman-owned small](#), [HUB Zone small](#), [veteran-owned small](#), and [service-disabled veteran owned small businesses](#).

The Federal Acquisition Regulation (FAR) allows the contracting officer to accept self-certification from Small Disadvantaged Businesses (SDBs) for **general statistical purposes**; however, an SDB cannot receive any type of preference unless, it has been **certified by SBA**. As of October 1, 1999, SBA must certify **all SDB subcontractors**. In addition, Prime contractors are no longer allowed to take credit for SDBs that self-certify; this rule applies to contracts resulting from solicitations issued by the Government on or **after October 1, 1999**.

Self-certification is accepted for the following small business preference programs:

Small Business (SB)	Self-certification
Women-owned Business (WOB)	Self-certification
Veteran-owned Business (VOB)	Self-certification
Service-Disabled Veteran-owned Business (SDVOB)	Self-certification

A **Small Business Concern** is one that is independently owned and operated, and not dominant in its field of operation. Also the number of employees or dollar volume of business applies. Go to the SBA website: <http://www.sba.gov/size> for more information.

A **Women-owned Business Concern** is a business that is at least **51 percent** owned, controlled, and operated by a woman or women who are responsible for the and management of the daily operations. Go to the SBA website: <http://www.onlinewbc.gov/index.html> for more information.

A **Veteran-owned Business Concern** is one that is at least **51 percent** owned by one or more veterans or if publicly owned business, at least **51 percent of stock** is owned by one or more veterans who are responsible for the and management of the daily operations. Go to the SBA website: <http://www.sba.gov/vets> for more information.

A **Service-disabled Veteran Owned Business Concern** is one that is at least **51 percent** owned by one or more service-disabled veterans or, if publicly owned business, at least **51 percent of stock** is owned by one or more service-disabled veterans, and management and daily business operations are controlled by one or more service-disabled veterans, or in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran. Go to the SBA website: <http://www.sba.gov/businessop/special/veterans.html> for more information. Please Note: GSA has a Service-Disabled Veteran-Owned Business (SDVOSB) website at <http://www.gsa.gov/service-disabled>.

SBA certification is required for the following small business preference programs:

Section 8(a)	SBA Certification
Small Disadvantaged Business (SDB)	SBA Certification
HUBZone	SBA Certification

An **8(a) Small Disadvantage Business Concern** is one that is **socially and economically** disadvantaged individuals include **Black Americans, Hispanic Americans, Native Americans (such as American Indians, Eskimos, Aleuts, and native Hawaiians), and other minorities or any other individuals** found to be disadvantaged by the Small Business Administration pursuant to Section 8(A) of the Small Business Act. Go to the SBA website: <http://www.sba.gov/8abd> for more information.

A **Small Disadvantaged Business Concern** is one that is at least **51 percent owned** by one or more **socially and economically** disadvantaged individuals; or a publicly owned business, at least **51 percent** of the stock is owned by one or more socially and economically disadvantaged individuals and whose management and daily business operations are controlled by one or more of such individuals. Go to the SBA website: <http://www.sba.gov/sdb> for more information.

A **Historically Underutilized Business Zone (HubZone) Business Concern** is one that qualifies as a small business by SBA size standards; the Principal office must be located within a HUBZone, which includes lands on federally recognized Indian reservations; must be owned and controlled by **one or more U.S. citizens; and 35% of its employees must reside in a HUBZone**. There are **four types** of HUBZone contract opportunities: Competitive, Sole-source, Full and Open and Subcontracting. Go to the SBA website: <http://www.sba.gov/hubzone> for more information.

GSA INITIATIVES

In December 2003, the President of the United States and Congress enacted **Public Law 108-183**. This law established a preference for the U.S. federal government to contract with Service-Disabled Veteran-Owned Small Businesses (SDVOSBs). This law was enacted as a follow on to **Public Law 106-50**, which designated that three percent (3%) of the total value of all prime contract and subcontract awards by the federal government be awarded to SDVOSBs. GSA has an SDVOSB Initiative and is the fifth largest procurement organization of the U.S. federal government. GSA currently operates three unique business lines to fulfill the needs of their federal government customers. The Federal Supply Service (FSS), Public Buildings Service (PBS), and Federal Technology Service (FTS) all have opportunities to enable service-disabled veteran-owned businesses (vendors) to sell to the federal government through one of GSA's many contract vehicles.

Are you a Service-Disabled Veteran business owner?

- A service-disabled veteran, as defined in 38 U.S.C. 101(2), is a veteran with a disability that is service-connected, as defined in 38 U.S.C. 101 (16). A service-disabled veteran-owned small business is a small business concern, at least 51 percent owned by one or more service-disabled veterans; or in the case of a publicly owned small business, **at least 51 percent** of the stock is owned by one or more service-disabled veterans.

For more information about the program, please visit the Service-Disabled Veteran-Owned Business (SDVOSB) website at <http://www.gsa.gov/service-disabled>, or call the phone number listed below:

SDVOSB Hotline (National Customer Service Center)
1500 East Bannister Road
Mail Code: (6FR) Kansas City, MO 64131
Email: NCSCcustomer.service@gsa.gov

Tel: (800) 488-3111

GSA Native American Business Center (NABC) - The NABC's mission is to reach out to the Native American/Alaska Native community by supplying facilities, supplies, and technology to support economic prosperity and streamline the acquisition process. For more information about the program, please visit the NABC website at <http://www.gsa.gov/nabc> or call the phone numbers listed below:

Native American Business Center (NABC)

210 West 6th Avenue and Kipling Street
Lakewood, CO 80225-0000

Tel: (303) 236-7329

Tel: (303) 236-0717

Fax: (303) 236-7280

Getting on Schedule – How to Get Started

Getting on Schedule - To become a GSA Schedule contractor, a vendor must first submit an offer in response to the applicable GSA Schedule solicitation. GSA awards contracts to responsible companies offering commercial items, at fair and reasonable prices, that fall within the generic descriptions in the GSA Schedule solicitations. In order to get started you must identify the GSA Schedule solicitation that covers the supplies or services that you would like to offer to the government by the following methods:

- Review the [GSA Schedule Solicitations](#) link to determine the applicable GSA Schedule and corresponding solicitation number under which your supplies or services may be offered. Click on the appropriate Solicitation Number which will link you directly to the solicitation files in FedBizOpps. Download the solicitation and follow the instructions in the document. **Please Note:** The GSA Schedule Solicitations webpage also identifies the Schedules that accept offers using [eOffer](#), a web based application that allows vendors to prepare and submit their GSA Schedule offers electronically. All the Schedule Solicitations have a point of contact for questions; please don't hesitate to call them to assistance.
- Search the GSA [Schedules e-Library](#) by keyword to identify supplies or services covered by GSA Schedules. Click on the box, "**Vendors: Click here to view the current solicitation on FedBizOpps.**" Download the solicitation and follow the instructions in the solicitation document.
- Review the [Federal Supply Schedule Listing](#) at the GSA Schedules e-Library to determine the applicable GSA Schedule which covers the supplies or services that you would like to offer to the government. Click on the Schedule number under the "Source" column to view descriptions of the generic categories of supplies or services under each Schedule. Click on the box, "**Vendors: Click here to view the current solicitation on FedBizOpps.**" Download the solicitation and follow the instructions in the solicitation document.
- Visit [FedBizOpps](#) to obtain a copy of the GSA Schedule solicitation. The [Helpful Hints for Using FedBizOpps](#) link provides step-by-step information as to how vendors may search by GSA office, solicitation number, or keyword to locate and download the applicable Schedule solicitation. Follow the instructions in the solicitation document.

Other helpful hints to assist vendors in obtaining a GSA Schedule contract:

- Register in the [Central Contractor Registration \(CCR\)](#) database (see page 5).
- Obtain an Open Ratings Inc. reference check (see Past Performance Evaluation form in each schedule solicitation)
- Make sure that your company is financially sound.
- Complete all information in the solicitation and be ready to negotiate your company's best offer.
- Contact your local Procurement Technical Assistance Center (PTAC) for assistance before you submit your solicitation (see page 8 for listing).

MARKETING ASSISTANCE FOR GSA FEDERAL SUPPLY SCHEDULE CONTRACT HOLDERS

Congratulations on your company becoming a business partner with the U.S. General Services Administration (GSA) by being awarded a GSA Federal Supply Schedule (FSS) Contract. You should contact the GSA FSS Customer Service Marketing Representative; they can inform you about the basic tools and provide helpful information. Listed below is the contact information for the New England GSA/FSS Customer Service and Marketing Representatives:

U.S. General Services Administration
Federal Acquisition Service
Customer Service & Marketing Division (2FMS-1)
10 Causeway Street, 3rd Floor, Room 347
Boston, MA 02222-1076

Robert Cobbett	robert.cobbett@gsa.gov	617 565 7303
Annie Kuhn	annie.kuhn@gsa.gov	617 565 7300
Peter Sullivan	peter.sullivan@gsa.gov	617-565-7315

VENDOR SUPPORT CENTER (VSC)

The GSA FSS Vendor Support Center is the online source for GSA Schedule Contract Holders to get information, review and report sales, etc. You can contact them by phone at (703) 305-6235, toll free at 877-495-4849, email at vendor.support@gsa.gov or visit their website at <http://vsc.gsa.gov>. "The Steps to Success, How to be a Successful Contractor" publication is available at <http://vsc.gsa.gov/stepstosuccess.pdf>.

GSA MARKETIPS MAGAZINE

GSA's Federal Supply Service (FSS) MarkeTip Magazine is a contractor-specific publication. Advertising space in MarkeTips is **free of charge** and is offered on a first-come, first-served basis due to limited ad space, ads are not guaranteed. MarkeTips Magazine has a mailing list of over 100,000 federal buyers. For more information about the MarkeTips Magazine, you should email Marketips at gsa.marketips@gsa.gov or visit their website at <http://apps.fss.gsa.gov/pub/marketips.cfm>.

GSA NEW ENGLAND REGION CONTACTS

Please Note: The federal government offices located within the New England Region, listed within this directory **may** buy your product/service on a small purchase basis.

U. S. GENERAL SERVICES ADMINISTRATION (GSA) - <http://www.gsa.gov/r1>. GSA contracts for about \$10 billion worth of products and services each year and awards a majority of its contracts to small businesses since they generate the majority of new jobs and contribute substantially to our Nation's economy. GSA also acts as a catalyst for almost \$66 billion annually in federal spending. The majority of the regional office buying is handled by its two major procurement services: the Public Buildings Service (PBS) and the Federal Technology Service (FTS). **Please Note:** In October 2006, the Federal Technology Service will merge with the Federal Supply Service (FSS) and will become the Federal Acquisition Service (FAS). For more information, please visit our website at <http://www.gsa.gov/fas>.

PBS is the federal government's property developer, lessor and manager of federally owned and leased properties. PBS is responsible for planning, designing, building, restoring, renovating, decorating and landscaping government-owned office buildings and other facilities and for maintenance and security, etc. PBS announces its requirements in local newspapers, trade

journals and technical publications serving the industry, and also in GSA's FedBizOpps, which provides vendors access to agency business opportunities 24 hours per day, seven days a week. Vendors can register for automatic e-mail notification of opportunities in their areas of interest. For more information, visit the website at <http://www.fbo.gov> or call (877) 472-3779.

Types of PBS Contracts: Architectural and Engineering Services (A&E), Design Service Contracts, Design Excellence Program, Construction, Space Planning and Interior Design, Office Space Leasing, Art-in-Architecture, and Building Services, etc.

GSA NEW ENGLAND - REGIONAL BUILDINGS

In order to pursue possible subcontracting and/or small purchase opportunities, within the New England Region, we are providing a list of New England Regional Contacts and government buildings that are under GSA jurisdiction. GSA associates at these locations can assist you in identifying the current building managers/contractors.
